Iberian Minerals Opens Mineworx Fabrication and Office Facility in Canada

Edmonton, Alberta, January 11, 2016 - Iberian Minerals Ltd. (the “Company” or “Iberian”) (TSXV: IML) (OTCQB: SLDRF) announced today that its 100% wholly owned subsidiary, Mineworx has opened a fabrication and office facility at 1600 “C” Kingsway Avenue, Port Coquitlam, British Columbia.

The 7,050 sq ft building offers a 20 ft ceiling height, large grade loading doors and three-phase electrical service. Mineworx will utilize this facility to complete the fabrication and assembly of additional patent pending gold processing technologies and progress with their development of additional proto-types for both processing and crushing to further enhance the Mineworx business model.

“The interest in the Mineworx technology with gold property owners throughout the western United States is simply overwhelming.” stated Duane Nelson, President of Mineworx. “We are close to finalizing our due diligence on a considerable number of potential advanced stage gold properties and will make our selection in the immediate future. The Port Coquitlam fabrication facility is an excellent step to expedite the highly anticipated demand of our unique gold processing equipment.

About Iberian Minerals

Iberian Minerals is a Canadian junior mining company positioned for growth through the partnership of advanced cash flow mining opportunities utilizing the Mineworx environmentally friendly toll-processing technology. The Company is also implementing its business strategy of actively engaging its Spanish contacts and technical team towards the further accumulation of high interest assets throughout the mineral rich Iberian Peninsula.
